

Simple maths for golf courses.

$$\text{Cigarette Butt} + \text{Cigarette Butt} = 2 \text{ Butts}$$

$$\text{Smoker} + \text{Golfing} = 5-10 \text{ Butts}$$

$$\text{Smoker} + \text{Mini-Butts Personal Ashtray} = \text{No Butts}$$

It doesn't take a genius to figure out that Mini-Butts Personal Ashtrays can eliminate cigarette butt litter on golf courses.

Your smoking patrons can do the right thing wherever they are on the course.

That's why over 500 golf courses are now providing Mini-Butts Personal Ashtrays.

It's as simple as that.
