

**The only kind of butt we want to see around Phillip Island.**

**Please do not litter your cigarette butts.**

*For your convenience and to protect our environment Eco-Pole Ashtrays are located at all entrances, carpark and outdoor smoking areas. Please use them.*

**Cigarette butts ARE litter. They are poisonous to the environment and take 4-15 years to break down. Littered butts can also cause fires.**

**Help us keep Phillip Island butt litter and fire free.**
