

The only kind of butt we want to see around Amarant Retreat.

**Amarant Retreat is a Smoke Free Zone.**

Smoking indoors is not permitted, however, for your convenience there are windproof ashtrays provided on the viewing decks and rear courtyards, and wall-mounted ashtrays installed at various locations around our property.

To protect our environment and eliminate cigarette butt litter whilst undertaking walks around Amarant Retreat, or anywhere else your travels may take you, please ask management for your complimentary personal ashtray.

Cigarette butts are litter and cause fires.  
Please help us protect our beautiful environment.
