

The only kind of butt we want to see hitting the slopes this winter.

If you smoke,
always carry
& use a No Butts
personal ashtray.

Cigarette butts ARE **litter**. They are **poisonous** to the environment and take **4-15 years** to break down.

Please help protect our beautiful resort.

Pick up your free Personal Ashtray from Resort Management & Staff. Mini-Butts are also available at ski lift departure points.
